Re: Freedom of Information Law Request for Records

Dear Records Access Officer:

Under the provisions of the New York Freedom of Information Law, Article 6 of the Public Officers Law, Sections 84-90, I hereby request a copy of records or portions thereof containing the following:

- Salary information pertaining to New York City teachers spending any time in the temporary assignment centers ("rubber rooms") for teachers accused of misconduct
- All records of accusations made against teachers, which have been impetus for assignment to the rubber rooms
- Salary information for administrators in the school district, especially for those administrative duties teachers traditionally assigned to the "rubber rooms" would be performing, as per the agreement signed on April 15, 2010 between the New York City Department of Education and the United Federation of Teachers

Please email these records to the address provided at the bottom of the page, if possible. I understand there is a fee of \$.25 per page for duplication of records, if electronic means are not possible due to the voluminous nature of the documents requested.

As you know, the New York Freedom of Information Law requires that an agency respond to this request within five business days of receipt of a request. I would appreciate a response as soon as possible and look forward to hearing from you soon.
